

### Sunset Sail – Dinner Cruise

Singapore’s only luxury Sunset Dinner Cruise! The experience starts with an onboard reception in the Grand Salon before guests are invited to their own private table for dinner on the upper deck. Guests arriving early are welcome to view the lower decks, cabins and to meet the crew who operate this unique superyacht.

Departing from the private berth at Sentosa, the ship will sail past Sentosa’s white sandy beaches and some of the most prestigious properties in Singapore before an unparalleled view of Singapore’s cityscape and skyline reveals itself. As the sun goes down, the ship turns south and slowly manoeuvres through Singapore’s Southern Islands of St John’s and Lazarus on her way back to her berth at Sentosa.

This cruise is perfect for capturing “Kodak” moments at sunset under a canopy of sail and is an ideal gift for celebrations, visitors, private meetings or just having a good time!
